

### Official Lore Notice

By Grandmothers Lore: the superior Lore/Law on the aniuima (land) of the Continent known as 'Terra Australis' and "Australia"

Know that living men and women cannot treaty with a corporation. Only sovereign to sovereign can treaty. The original tribes are in pactum [treaty] with each other through their language, songlines and dreamings of all tribes across earth. We are not in pactum with the Corporate system. Only living beings having a conscious existence can treaty. Corporations and citizens are dead entities. You, being the living man, woman or agent, who is served with this Notice under Lore are informed that crimes of genocide are being committed upon our aniuima (land) today.

Senior Tribal Lore man Uncle Juma of the Larrakia has served Notices that are now in silent acquiescence by "Australia Corporation" Government. Juma's statement is attached and served on You. It has been stamped by the Supreme Court Darwin and is unrebutted. Fact. In the Westminster system of law this unrebutted Statement of fact (Affidavit) stands as truth in commerce, truth in law and judgment in Law. Fact. The letter to WIPO and IP Australia also attached prove that the federal government and all states and territories cannot trade in anything hence why the EU rejected Australia's trade agreement. Fact. The Customary tribal Court determination destroys the Commonwealth constitution(s) and is binding as it is stamped by the internationally recognised Maori land Court.

Lastly the Letter to all Monarchy, Heads of state and embassy's is Notice and Knowledge. Now the guilt of knowledge is also transferred to everyone, here and now, of the cruel and inhumane acts of the past and present governments ongoing. The Pope and the Vatican have repudiated the doctrine of discovery nullifying colonisation. And the lie of terra nullius is well proven.

The evil "systems" and living agents who are inflicting harm upon us, the Sovereigns, and all people of the aniuima (lands) are established and clear. We are recording these crimes with International Lawyers. Now it is time for you as a man or woman to choose. Will you choose harm, loss and injury to others? Right from wrong? Good or evil? The facts are given to you in this Notice with the attached documents. Your choice now decides, will you be complicit in crimes of genocide? Our Sovereign Lore is: first do no harm. All will be accountable under Lore. Continued perpetration of harms upon the people on our aniuima stops now. Slavery and genocide stops now. It is done. Ykja wani mida – You have been told.

To Your Excellencies, Heads of State, Ambassadors, High Commissioners, Charges de Affaires, Judges, Lawyers, Ministers, Senators,

**Re: Open Letter re Child Abduction, State Sanctioned Abuse, Trafficking & Genocide on Terra Australis**

I am Juma of the Larrakia people of Majagi, co-head of State with my counterparts from Tiwi and Brinkin. I am a true holder of the Marratia (grandmother) and Koolpinyah (grandfather) ancient language and law. I am writing this in English, but English is not my mother tongue. I write and read iconologically. This holds the true stories and law of our ancient ancestors and the maps that connect us across countries, continents and universes. These are the songlines that connect the juaa kuaa (jaka – ie the families' families). In English – we are all one family!

Our most important resource is our picannini's (children). It is the responsibility of all cultures / governance systems, to protect our children. Unfortunately, this is being degraded by an evil sinister system of governance in the country known to you as "Australia". As "Australia" is not registered on the land, they are a foreign entity and have no jurisdiction over myself or any other sovereign being on our aniuima (land). They are in breach of the law of this land and international and universal laws, by the forced removal of children from one group to another, and many other unlawful acts they are perpetrating on both the tribal and nationals of this land, by use of force. Under International law, this is classified as genocide. They are also committing forced slavery since they illegally entered our international waters and came onto our aniuima. This is proven in their own documentation and high court decisions:

- King William IV - Letters Patent - 19th February 1836
- Queen vs Campbell 1983
- Mabo No.2 vs Queensland 1992
- Northern Territory v Arnhem Land Aboriginal Land Trust 2008
- Love v Commonwealth of Australia; Thoms v Commonwealth of Australia 2020

The British Westminster Court system themselves ruled, in Ruling iii in the Chancery Division of the High Court in London on Friday 25th June 2004 that "Letters Patent, issued under 'The Great Seal of Australia,' by Her Majesty Queen Elizabeth II, Queen of the United Kingdom and Northern Ireland, appointing a Governor General in Australia, have been issued incorrectly." Thus, the acting "Governor General" holds no executive powers whatsoever, and all current "Australian Laws" assented to on behalf of a British Monarch by the "Governor General of Australia" do not hold any valid or legal executive authority, and are, in legal terms, ultra vires.

After thorough investigation, Australian ex High Court Judge, Sir Harry Talbot Gibbs unequivocally stated "I therefore have come to the conclusion that the current legal and political system in use in Australia and its States and Territories has no basis in law."

We are calling on you to act to save the children and our peoples. Now that you have received this information, you are obligated under international law to fulfill your duty of care and step in and stand down the Australian Federal Government who are purporting to be the Commonwealth of Australia, and all state and territory governments who claim they have authority over the peoples/nationals of this land.

As you are operating on our aniuima, under tribal law, we require you to work with us so we can stop this genocide and bring the perpetrators to justice. I have included for you a USB documenting ONE example of millions of abuses that have and are currently occurring on this land. All information is being collated and investigated by the **International Crimes Investigative Committee**.

If you continue to work with this corporation called the AUSTRALIAN GOVERNMENT then you are complicit in their crimes against humanity.

# CUSTOMARY LAW NOTICE

6<sup>th</sup> Day of January 2023

Ref MTT000555

The **United Tribal Countries Land Alliance** is a custodial tribal law council made up of self-governing Original Tribal Countries from this continent (known as Terra Australis or Australia) that have reconvened their ancient *pactums* through their shared languages, dreaming and songlines, which connect all tribes on this continent, and beyond. We have re-established our *Original Tribal Councils* and have made public announcements, staking our claims<sup>1</sup>, as self-governing countries on our *aniuima* (ancestral lands), which we have had an unbroken bloodline connection to for millenia.

On the 6<sup>th</sup> January 2023 *Custodial Tribal High Court* was conducted in accordance with autonomous ancient custodial traditional protocols with several original crown in right tribal elders / law men from their respective countries attending, Yolngu elders, dancers and yidaki performers, as well as an International Human Rights Ambassador & Observer as witness. The following items were presented, discussed and determinations of truth made regarding:

1. Lawful standing of the *Original (Indigenous) Tribal Countries*.
2. Crimes against Humanity towards *Original (Indigenous) Tribal People, Sovereign Nationals and Foreign Residents / Refugees* perpetrated by the British Crown, the Vatican and other religious organisations, Commonwealth of Australia (Australian Government and all State / Territory Governments).
3. Trespass and destruction of our people, culture, sacred emblems, sacred sites, lands, waters and airways.

The findings were as follows:

1. The *Original (Indigenous) Tribal Countries* are the only entities with lawful standing on the continent known as Terra Australis (Australia), based on *Djobijakabi* or *Original (Indigenous) Custodial Tribal Law* and the ancient principle / universal legal maxim *prior in tempore, potior in iure* or "First in Time, First in Right". The *Djobijakabi* (law) that was already on this land is still here and is therefore the HIGHEST law of this land (continent). It will always stand above any foreign law or legislative "act". This is also consistent with International Humanitarian Law (Customary Law) UCC and the *Law of Nations*.

British colonists fraudulently used "Terra Nullius" knowing full well there were living people who already had rights to their countries, had (and still have) governance structures and laws and were trading internationally, which is why they perpetuated the fraud of bringing the Original (Indigenous) Tribal People under the *Flora and Fauna Act*, despite Letters Patents by various

monarchs instructing them to treaty with, protect and pay for their land (see South Australia letters Patent<sup>2</sup> as one example).

Terra Nullius was debunked during MABO II, but the High Court of Australia stated they couldn't rule against a law system that underpinned their own existence. We have determined that the High Court of Australia has no standing on this continent and our collective *aniuima* therefore any and all of their decisions are hereby dismissed forthwith.

When Batman treated with the Waa-Wurrung Chief Elder, it was fraudulently overturned by the Colonial Governor of the time citing the *Doctrine of Discovery* (see attached info sheet) which had recently been used in USA in the 1823 Supreme Court decision – *Johnson v McIntosh* – Marshall CJ:

Christian nations assumed ultimate dominion over Americas and upon "discovery" the American Indians lost "their rights to sovereignty, as independent nations".

Courts in Australia have cited the *Johnson v McIntosh*, in cases such as *Fejo v Northern Territory* and *Western Australia v Ward* as a basis for not recognising *Original (Indigenous) Tribal People's* rights to their own lands, governance, law and trade / commerce. The *Doctrine of Discovery* was repudiated by the Pope and formally renounced by the Vatican on 30<sup>th</sup> March 2023, removing any perceived legal basis for foreign countries, states, or nations to take and/or control *Original (Indigenous) Tribal* owned land.

Our court determined that the Vatican, the United States, the British Crown, The Australian Governments (federal, state and territory) and any and all other foreign countries, states or nations, town councils, religious organisations, private members associations, unions, companies, associations, corporations, banks, trusts, militaries, pirates and their foreign "laws", and their agents, heirs or successors, ALL have no standing, authority or permission to be on our collective *aniuima*.

2. Genocide has been committed since 1788 and has continued to the present day, against *Original (Indigenous) Tribal Countries & Peoples* on our collective *aniuima's*. This is documented (but not limited to) the attached list of massacres. Forced removal of children from one group to another this is not limited to the *Stolen Generation/s*.

The Federal Family Courts of Australia and Family Services' organisations in each state and territory have been found guilty of child abduction, trafficking, child abuse, and child deaths in care. It was determined that the Local and Supreme Courts of each State and Territory of Australia have been found guilty of forced slavery, false imprisonment, deaths in custody, conspiracy to pervert the course of justice, and benefitting from the proceeds of crime.

3. It was determined that the Australian Government, and all other foreign countries, states or nations, religious organisations, private members associations, unions, companies, associations, corporations, banks, trusts, militaries, pirates and their foreign "laws", that are on our collective *aniuima*, have been found guilty of the crimes of trespass and desecration/destruction of our people, culture, sacred emblems, sacred sites, lands, waters and airways. The Australian Government and all State/Territory Governments and all Town Councils' Coat of Arms, using our sacred emblems have been reclaimed and protected by trademark. They can no longer be used for any purpose.

All documents stating our claims on all of the above have been served either physically or via registered mail and publicly announced, and all have come into tacitly accepted acquiescent agreement.

Dear Ms Wang / Mr Schwager

**RE: OFFICIAL NOTICE OF DIRECTION TO CORRECT ERRORS & UPDATE RECORDS**

We write to you as members of the **United Tribal Countries Land Alliance** to introduce ourselves as Original Crowns in right of the Independent Self-Governing Countries **TIBNLA of the Majagi, Nyamal Widagura Putalyirri, Narrunga / Ngarrindjerri / Kaurna / Noongar, Jagalingou, Nyangbul, Yanggu, Waa-Wurrung, and Palawa South East Tribe** on the terrain known to you as *Terra Australis* (or Australia). This terrain's history since colonisation has been built on fraud, misrepresentation and without honour. The Original (Indigenous) Custodial Tribal Soverains and Sovereign Nationals have claimed their unalienable God given rights and privileges to self-determination, cultural, social, political, and religious freedoms under *Original Custodial Tribal Law, Customary International Humanitarian Law* and the *Law of Nations*.

Our members have reconvened their ancient *pactums* through their shared languages, dreaming and songlines, which connect all tribes on this continent and beyond. We have all staked our claims by placing our Countries Flag's and Coat of Arms into our Tribal Estates, Mother Earth, such as the example shown here [https://www.youtube.com/watch?v=QF\\_JoEbf-1M&t=38s](https://www.youtube.com/watch?v=QF_JoEbf-1M&t=38s). As per the *Law of the Belligerent*, we have informed the belligerent occupiers that we are the "returning sovereign" and informed the BAR Association and all body politics that their services are no longer required.

We have declared Peace! and reconvened our ancient treaties with foreign countries, Independent Original (Indigenous) Custodial Tribal Soverain Countries, and Sovereign non-citizen Nationals. We are all in compliance with the Montevideo Convention on the Rights and Duties of States, and we have informed all quasi-Australian Federal State and Territory Governments and their departments, acting agents, assigns, nominees, heirs and successors, including the British Crown, US Corporation, the Vatican, and the United Nations, of our Lawful standing.

Affiant: Juma of the Larrakia  
Sworn on: 19th Nov 2021

**Statement of Truth of**  
**Juma of the Larrakia**

**Notice to Principal is Notice to Agent; Notice to Agent is  
Notice to Principal.**

I, Juma (Jimmy Fejo) of the Larrakia, being the Undersigned, do solemnly swear, declare, and depose:

1. THAT I am competent to state the matters set forth herein.
2. THAT I have first-hand knowledge of the facts stated herein.
3. THAT all the facts stated herein are true, correct, and certain, admissible as evidence, and if called upon as a witness, I will testify to their veracity.
4. THAT the eternal, unchanged principles of Law are:
  - a) A workman is worthy of his hire.
  - b) All are equal under the Law.
  - c) In Law, truth is sovereign.
  - d) Truth is expressed in the form of an Affidavit.
  - e) An un rebutted Affidavit stands as truth in Law.
  - f) An un rebutted Affidavit becomes the judgment in Law.
  - g) All matters must be expressed to be resolved.
  - h) He who leaves the battlefield first loses by default.
  - i) Sacrifice is the measure of credibility.
5. THAT any and all of the various papers, documents, adhesion contracts, or "agreements" I may have signed with any government agency or entity or any others that might be construed to indicate a conclusion contrary to my herein-below assertions were made, signed by me on the basis of mistake due to lack of full disclosure creating a deliberate lack of full knowledge, a deliberate action of fraud, non-disclosure, concealment of material fact, and misrepresentation. Such action thereby creates a stressful situation of duress and intimidation, vitiating all documents by such action of fraud.

28. THAT the foundation of Commercial Law, being based on certain eternally just, valid, and moral precepts, has remained unchanged for at least six (6) millennia. Said Commercial Law forms the underpinnings of Western Civilization if not all Nations. Law, and Commerce in the world, is NON-JUDICIAL, and is prior and superior to, the basis of, and cannot be set aside or overruled by, the statutes of any governments, legislatures, quasi-governmental agencies, or courts. It is therefore an inherent obligation on all Authorities, Officials, Governments, Legislatures, Governmental or Quasi-governmental Agencies, Courts, Judges, Attorneys, and all aspects and Agents of all Law Enforcement Agencies to uphold said Commercial Law, without which said entities are violating the just basis of their alleged authority and serving to disintegrate the society they allegedly exist to protect.

### CONTRACT OF LIABILITY FOR ALLEGATIONS

30. THAT I, Juma of the Larrakia, the Undersigned Affiant, depose and certify that I have written the foregoing with intent and understanding of purpose, and believe the statements, allegations, demands and contents herein to be true, correct, and complete, commercially reasonable, and just, to the best of my knowledge and belief.
